DEAR FRIENDS,

Thank you.

Thank you for all that you have done in support of Hospice Savannah, The Steward Center for Palliative Care, and the Hospice Savannah Foundation. Because of the generosity of people like you who give selflessly of their time, talent and treasure, we remain devoted to our commitment to provide the best services and resources on living with a life-limiting illness, dying, death, grief and loss.

As the area's oldest not-for-profit hospice agency, Hospice Savannah, along with The Steward Center for Palliative Care and the Hospice Savannah Foundation, relies on partnerships with our community's leaders to fulfill our mission. Thank you for ensuring that all of our community's citizens have access to our excellent care and compassionate support during otherwise challenging times.

In the pages that follow, you will find our shared achievements of the last year, and we hope that you will be as proud as we are of all that we accomplished together. As we look to the future, Hospice Savannah, The Steward Center for Palliative Care, and the Hospice Savannah Foundation are poised to meet the ever-growing needs of our community through the proposed Center for Living building project. From a family's first end-of-life challenge until the last, we will be here to help family members and loved ones in the most compassionate and supportive way possible.

Thank you for joining with us to help others. Together we are people with a gift for helping™.

How WE HELP....

Community based Hospice Savannah has been serving the Coastal Empire for over 32 years...

and is proud that profits are returned in the form of extra services to our patients and families rather than in dividends to financial shareholders.

We exist to help lift the burden of worry when you or your loved one receives a life limiting diagnosis. Simply call our Referral Center at 912.355.2289 and we will answer all your questions by phone or preferably, come to see you (wherever you are) as soon as possible. Medicare, Medicaid and most private insurance will cover Hospice Savannah's care; however, care is provided regardless of ability to pay.

We provide:

- Medications and therapies related to the terminal illness to provide comfort and independence. Our patients enjoy living fully and do not need to be home-bound like home health patients.
- 24-hour on-call availability of Hospice Savannah registered nurses, social workers and chaplains.
- Durable medical equipment, such as hospital beds, oxygen, wheelchairs, and other items to improve independence.
- Supplies and disposable paper products for patient comfort and caregiver convenience.
- Direct delivery of medications, therapies, equipment and supplies to your home at no expense.
- Acute hospitalizations, emergency admission to Hospice House, or continuous care in your home for aggressive pain or symptom management.
- Five-day respite stays in Hospice House to offer caregivers a break.
- Music therapy, story keeping, physical therapy, massage therapy, speech therapy and nutritional counseling as needed.
- The support of two full time physicians, both certified in hospice and palliative care medicine.

Bereavement services are provided at no charge to any child, teen or adult in the five counties served by Hospice Savannah (regardless of the nature of the loss). Contact Full Circle at 912.303.9442 for more information regarding an individual or group therapy appointment in Savannah, Hinesville, or Rincon.

We also help patients with chronic and life limiting medical conditions who are not yet ready to accept, or are not yet appropriate for, Hospice Savannah's care. Our Steward Center for Palliative Care staff offer medical expertise and up to four hours of volunteer support each week. Just call 912.354.8014 for more information.

COMPLEMENTARY THERAPIES

Our certified massage therapists gave 779 massages to patients and caregivers in 2010, and our Story Keeper recorded the life stories of 86 patients during almost 200 visits. Our board certified music therapist worked with numerous Hospice House and homecare patients during 589 visits.

PALLIATIVE CARE

The Steward Center for Palliative Care's physicians and nurse practitioners focus on providing expert pain and symptom management long before the end of life. During 2010 we provided 316 in-patient consults at Memorial Health University Medical Center and conducted 540 consults in our out-patient clinic in the Anderson Cancer Institute.

2010

Helping our Community

COMMUNITY EDUCATION

By offering and participating in 390 community events in 2010 we educated 25,780 people about how we can help. Community events included presentations by our allied therapists (massage, story keeping and music); courses on advance directives; workshops on grief and loss; participation in 43 health fairs; and offering over 100 "Hospice 101" courses.

FULL CIRCLE

Our bereavement counselors and volunteers offer grief support to families for 13 months or longer following the death of a loved one under our care. In 2010 they counseled 217 individuals after a Hospice Savannah death, and additionally helped 255 community members. A total of 1,143 group counseling sessions were conducted for children, teens and adults in Savannah and in our new offices in Liberty and Effingham counties.

72 children attended our overnight grief camp, Camp Aloha, in late April, and 375 children's counseling sessions were offered in the public schools throughout the five counties we serve.

25% of all deaths in the United States...

each year are veterans of our armed forces. They have distinctive, often unrecognized needs that sometimes complicate the dying process and require skilled interventions from hospice clinicians. For example, veterans may under-report pain or fear because of deeply held stoic values. Combat veterans may suffer from Post-Traumatic Stress Disorder (PTSD) and/or have sustained mental, emotional, social, spiritual or moral injuries. They may

not only have witnessed trauma but caused it, and may need encouragement to engage in the work of forgiveness.

Thanks to the legacy of MGySgt. Roy L. Strickland, USMC, Ret. (1925-2010), Hospice Savannah is educating its staff and volunteers on veteran patients' needs and is striving to recognize each veteran enrolled in our care by showing appreciation for their service to our country.

HELPING VETERANS

HELPING CHILDREN

Photo Credit: Les Wilkes

No parent ever wants to “give up” on their child.

Parents of chronically ill children hope the next new protocol, the next treatment, the next surgery, will be the one that restores them to perfect health.

And so it is incredibly difficult to introduce the concept of hospice care. But now there is a nation-wide Medicaid solution called “Concurrent Care for Children.” Children like 11 year-old Hospice Savannah patient Terrance (pictured above) can

concurrently receive the hospice Medicaid benefit and continue to receive all other treatments and services for which they are eligible. Hospice Savannah is here to help with its award-winning Butterfly Team made up of specially trained physicians and nurses certified in hospice and palliative care, social workers, chaplains, volunteers, music therapist, massage therapist and story keeper.

VOLUNTEER SERVICES IN 2010

Thank you for your help...

Volunteers visit our patients in their homes, nursing homes and assisted living facilities, in Hospice House, and in the hospital. They provide companionship and respite to exhausted caregivers. They make supportive phone calls and visits to bereaved family members.

They co-facilitate grief support groups and help run our children's grief camp. They bake and sew. They play music. They bring along their certified therapy dogs. They photograph weddings and family gatherings. They play cards. They cut and style hair. They do filing and accounting work in our administrative offices. They accompany patients to doctor's appointments or go the grocery store. They give from their hearts.

65% of our patients served in 2010 received volunteer services. Based on the annual value of volunteer time report from IndependentSector.org, Hospice Savannah realized a cost savings of almost \$406,000 or the equivalent of nine full time employees. Several new programs were implemented in 2010: Graduation ceremonies (complete with certificates and graduation caps) for patients who graduate out of our care; recognition of 141 Veterans for their service to our country with volunteers photographing 12 patients receiving their certificates and pins; and the creation of an activity room on the residential wing of Hospice House where volunteers can engage with our more alert and oriented patients.

Helping into the Future... through our endowments

Since its inception, the Hospice Savannah Foundation has promoted the establishment and growth of endowments to help fund in perpetuity Hospice Savannah's important and vital work. Many of our funds were founded by individuals as a meaningful way for those donors to pay homage to a loved one or to provide for a cherished program. Others have been established by the Foundation's Board of Trustees to secure a stable source of support for Hospice Savannah.

Endowments are an opportunity to create a permanent legacy, and Hospice Savannah is grateful to have this support to help further its mission.
